BENEFITS

Guide

HEALTH • FINANCIAL • WORK-LIFE

January 1 — December 31, 2023

Welcome

.....

Your benefits are an important part of your overall compensation. We are pleased to offer a comprehensive array of valuable benefits to protect your health, your family and your way of life. This guide answers some of the basic questions you may have about your benefits. Please read it carefully, along with any supplemental materials you receive.

Eligibility

You are eligible for benefits if you work 30 or more hours per week. You may also enroll your eligible family members under certain plans you choose for yourself. Eligible family members include:

- Your legally married spouse
- Your children who are your biological children, stepchildren, adopted children or children for whom you have legal custody (age restrictions may apply). Disabled children age 26 or older who meet certain criteria may continue on your health coverage.

When Coverage Begins

- **New Hires:** You must complete the enrollment process within 1 week of your date of hire. If you enroll on time, coverage is effective on the first of the month following your date of hire. However, if you are hired on the first of the month, you will be effective on your date of hire.
*** If you fail to enroll on time, you will NOT have benefits coverage (except for company-paid benefits).**
- **Open Enrollment:** Changes made during Open Enrollment are effective January 1, 2023 - December 31, 2023.

Choose Carefully

Due to IRS regulations, you cannot change your elections until the next annual Open Enrollment period, unless you have a qualified life event during the year. Following are examples of the most common qualified life events:

- Marriage or divorce
- Birth or adoption of a child
- Child reaching the maximum age limit
- Death of a spouse or child
- You lose coverage under your spouse's plan
- You gain access to state coverage under Medicaid or CHIP

Making Changes

To make changes to your benefit elections, you must contact Human Resources within 31 days of the qualified life event (including newborns). Be prepared to show documentation of the event such as a marriage license, birth certificate or a divorce decree. If changes are not submitted on time, you must wait until the next Open Enrollment period to make your election changes.

.....

Required Information—When you enroll, you will be required to enter a Social Security number (SSN) for all covered dependents. The Affordable Care Act (ACA), otherwise known as health care reform, requires the company to report this information to the IRS each year to show that you and your dependents have coverage. This information will be securely submitted to the IRS and will remain confidential.

Medical

We are proud to offer you a choice of medical plans that provide comprehensive medical and prescription drug coverage. The plans also offer many resources and tools to help you maintain a healthy lifestyle. Following is a brief description of each plan.

Medica PPO Plans

These plans give you the freedom to seek care from the provider of your choice. However, you will maximize your benefits and reduce your out-of-pocket costs if you choose a provider who participates in the network.

- The plan pays the full cost of qualified in-network preventive health care services.
- You pay the full cost of non-preventive health care services until you meet the annual deductible. You may also have to pay a fixed dollar amount (copay) for certain services.
- Once you meet the deductible, you pay a percentage of certain health care expenses (coinsurance) and the plan pays the rest.
- Once your deductible, copays and coinsurance add up to the out-of-pocket maximum, the plan pays the full cost of all qualified health care services for the rest of the year.
- ***Important to know: Once your In-Network copays, deductible and coinsurance add up to the out-of-pocket maximum, the plan pays the full cost of all qualified health care services for the rest of the calendar year. Copays only accumulate to the out-of-pocket maximum. They do NOT accumulate toward the deductible.***

Medica HSA Plan

The High-Deductible Health Plan (HDHP) works similarly to a traditional PPO:

- You may see any health care provider and still receive coverage, but will maximize your benefits and lower your out-of-pocket costs if you see an in-network provider.
- The plan pays the full cost of qualified in-network preventive health care services.
- You pay the full cost of non-preventive health care services until you meet the annual deductible. ***NOTE: If you enroll one or more family members, an individual will not have to pay more than the individual deductible amount.***
- Once you meet the deductible, you pay a percentage of your health care expenses (coinsurance) and the plan pays the rest.
- Once your deductible and coinsurance add up to the out-of-pocket maximum, the plan pays the full cost of all qualified health care services for the rest of the year. ***NOTE: If you enroll one or more family members, an individual will not have to pay more than the individual out-of-pocket amount.***

The HSA

The HDHP comes with a type of savings account called a health savings account, or HSA. The HSA lets you set aside pre-tax dollars to help offset your annual deductible and pay for qualified health care expenses.

Here's how the HSA works:

- You contribute pre-tax funds to the HSA through automatic payroll deductions.
- In addition, we will contribute \$700 annually to your HSA if you enroll in employee-only coverage and \$1,400 annually if you enroll yourself and one or more family members.
- Your contributions, in addition to the company's contributions, may not exceed the annual IRS limits listed below.

HSA Contribution Limit	2023
Employee Only	\$3,850
Family (employee + 1 or more)	\$7,750
Catch-up (age 55+)	\$1,000

- You can withdraw HSA funds tax-free to pay for current qualified health care expenses, or save them for the future, also tax-free. Unused funds roll over from year to year and are yours to keep, even if you change medical plans or leave your employer.

Important Notes:

- You must meet certain eligibility requirements to have an HSA: You must; a) be at least 18 years old, b) be covered under a qualified HDHP, c) must not be enrolled in Medicare or TRICARE, d) cannot be claimed as a dependent on another person's tax return. For more information, please refer to IRS Publication 969. <https://www.irs.gov/publications/p969>
- For a complete list of qualified health care expenses, refer to IRS Publication 502. <https://www.irs.gov/publications/p502>
- Adult children must be claimed as dependents on your tax return for their medical expenses to qualify for payment or reimbursement from your HSA.

Flexible Spending Accounts

We provide you with an opportunity to participate in up to two different flexible spending accounts (FSAs) administered through WEX. FSAs allow you to set aside a portion of your income, before taxes, to pay for qualified health care and/or dependent care expenses. Because that portion of your income is not taxed, you pay less in federal income, Social Security and Medicare taxes.

Health Care FSA (Not available if you elect the HSA plan)

For 2023, you may contribute up to \$3,050 to cover qualified health care expenses incurred by you, your spouse and your children up to age 26. Some qualified expenses include:

- Coinsurance
- Copayments
- Deductibles
- Prescriptions
- Dental treatment
- Orthodontia
- Eye exams/eyeglasses
- Lasik eye surgery

For a complete list of eligible expenses, visit www.irs.gov/pub/irs-pdf/p502.pdf.

Dependent Care FSA

For 2023, you may contribute up to \$5,000 (per family) to cover eligible dependent care expenses (\$2,500 if you and your spouse file separate tax returns). Some qualified expenses include:

- Care of a dependent child under the age of 13 by babysitters, nursery schools, pre-school or daycare centers
- Care of a household member who is physically or mentally incapable of caring for him/herself and qualifies as your federal tax dependent

For a complete list of eligible expenses, visit www.irs.gov/pub/irs-pdf/p503.pdf.

FSA Rules

You are eligible to participate the first of the month following your date of hire. If you are hired on the first of the month, you will be eligible to participate on your date of hire.

YOU MUST ENROLL EACH YEAR TO PARTICIPATE

Because FSAs can give you a significant tax advantage, they must be administered according to specific IRS rules:

Health care FSA: You may incur expenses through March 15, 2024, and must file claims by March 31, 2024.

Dependent care FSA: Unused funds will NOT be returned to you or carried over to the following year.

Critical Illness - Voluntary

Critical Illness

Most of us don't have an extra \$7,000 ready to spend – even if we do, we don't want to use it all on medical expenses. Unfortunately, the average cost to treat a critical illness is just that: \$7,000^{*}. But with critical illness insurance, you'll receive a lump-sum benefit if you are diagnosed with a covered condition that you can use however you would like, including to help pay for: treatment (e.g. experimental), prescriptions, travel, increased living expenses and more.

You can enroll in the critical illness plan during Open Enrollment. The plan is completely voluntary, which means you are responsible for paying for coverage at affordable group rates.

Voluntary Benefits

Accident Insurance

Our benefit plans are here to help you and your family live well and stay well. Our voluntary accident plan through Allstate is designed to complement your health care coverage and allow you to customize our benefits to you and your family's needs. The best part is that the benefits from the plan are paid directly to you!

Accident insurance can soften the financial impact of an accidental injury by paying a benefit to you to help cover the unexpected out-of-pocket costs related to treating your injuries. Some accidents, like breaking your leg, may seem straightforward: You visit the doctor, take an X-ray, put on a cast and rest up until you're healed. But in reality, treating a broken leg can cost up to \$7,500¹. And it's not only broken limbs – an average non-fatal injury could cost you \$6,620 in medical bills². When your medical bill arrives, you'll be relieved you have accident insurance on your side.

You can enroll in the accident plan during Open Enrollment. The plan is completely voluntary, which means you are responsible for paying for coverage at affordable group rates.

Key Accident Benefits	Plan 1	Plan 2
Accidental Initial Treatment	\$200 ER Services \$100 Urgent care \$200 X-ray	\$300 ER Services \$150 Urgent care \$300 X-ray
